IGSTC 2+2 Call 2022: Waste to Wealth and Sustainable Packaging

[https://www.igstc.org/home/current_call](https://www.igstc.org/home/current_call)

Indo-German Science & Technology Centre (IGSTC) established by Government of India and Government of Germany is promoting Indo-German research partnership of industrial relevance. To catalyse innovation centric R&D projects by synergising the strength of research/academic institutions and public/private industry from India and Germany, IGSTC launches “Call for Joint R&D Proposals” on a 2+2 mode of partnership annually in one or two thematic areas relevant to both the countries. The topics for IGSTC Call 2022 are **Waste to Wealth** and **Sustainable Packaging**.

For more information about the Call, basic guidelines and application submission procedure: [https://www.igstc.org/home/current_call](https://www.igstc.org/home/current_call)
